

MEMSCAP PARTNERS WITH IMCA TO EXPAND MARKET PENETRATION IN TURKEY

MEMSCAP and IMCA partner to expand Pressure Sensors sales channel in Turkey

Grenoble, France and Skoppum, Norway, September 9, 2015 – MEMSCAP (NYSE Euronext: MEMS), the leading provider of innovative solutions based on MEMS (micro-electro-mechanical systems) technology, today announces that it has broadened the company's sales network in Turkey with the partnership with IMCA.

MEMSCAP intends to significantly increase its deployment and its global commercial presence to further improve its market share in high added value devices for avionics and other applications.

The collaboration will expand the MEMSCAP's geographic footprint and will establish the company's presence in Turkey. With offices in Istanbul and in Ankara, IMCA is a well-established distributor in the booming Turkish business of aerospace and avionics. IMCA will begin promoting MEMSCAP high end pressure sensors and pressure modules to its wide installed customer base in the region. IMCA will bring MEMSCAP its extensive knowledge of this local market with an application support and sales people across the region.

MEMSCAP has developed high stability and high accuracy pressure sensors, pressure switches and pressure modules. The MEMSCAP product baseline relies on MEMSCAP SP82 sensor technology and on company's proprietary transducers calibration methods.

Fabricated out of the MEMSCAP Norway facility for more than twenty years, MEMSCAP modular aerospace products are designed for all the aeronautics control systems worldwide, and their applications range from engine control, altitude and cabin pressure control, air data, to altimeters, air speed indicators and space applications.

Specifications and details for MEMSCAP avionics products can be obtained by contacting MEMSCAP at info@memscap.com or by contacting our office in Skoppum, Norway.

About IMCA

IMCA is a distributor with more than 15 sales engineers and 100+ customers in the avionics and aerospace market. Please visit the following website for more information: www.imca.com.tr

About MEMSCAP

MEMSCAP is the leading provider of innovative micro-electro-mechanical systems (MEMS)-based solutions. MEMSCAP standard and custom products and solutions include components, component designs (IP), manufacturing and related services. MEMSCAP customers include Fortune 500 businesses, major research institutes and universities. The company's shares are traded on the Eurolist of NYSE Euronext Paris S.A (ISIN: FR0010298620-MEMS). More information on the company's products and services can be obtained at www.memscap.com.
