

MEMSCAP UNVEILS ITS NEW WEB SITE

Grenoble, France, October 13, 2011 – MEMSCAP (NYSE Euronext: MEMS), the leading provider of innovative solutions based on MEMS (micro-electro-mechanical systems) technology, unveils today its new web site.

MEMSCAP delivers standard and custom products to a wide range of customers in various market segments where MEMS provide strong value proposition in terms of cost, miniaturization, power consumption and reliability, such as aerospace, medical/biomedical and telecommunications. Among other, in 2010, MEMSCAP was N°1 supplier of Pressure Sensors for Air Data Computers Market Segment & N°2 supplier of Pressure Sensor for all the Aerospace Market as well as the N° 1 supplier of Optical MEMS chips for VOAs in optical telecom markets (source: iSuppli, High Value MEMS Tracker H1 2010).

In 2010, MEMSCAP spun-out INTUISKIN and became a pure-play MEMS company, mainly addressing 4 market segments: aerospace/defense, optical communications, medical and biomedical, and the IT/consumer market. In addition, MEMSCAP technology acceptance is widening and expanding, driving MEMSCAP to provide MEMS contract manufacturing services for a wide range of customers in multiple other high growth market segments.

This new customer-oriented web site reflects the new dynamics of MEMSCAP and stands as an operational tool supporting the Company business plan for 2012-2014.

About MEMSCAP

MEMSCAP is the leading provider of innovative micro-electro-mechanical systems (MEMS)-based solutions. MEMSCAP standard and custom products and solutions include components, component designs (IP), manufacturing and related services. MEMSCAP customers include Fortune 500 businesses, major research institutes and universities. The company's shares are traded on the Eurolist of NYSE Euronext Paris S.A (ISIN: FRO010298620-MEMS). More information on the company's products and services can be obtained at www.memscap.com.
